PROFESSIONAL SUMMARY

Highly motivated and people-oriented professional with strong communication, leadership, and analytical skills. Experienced in engaging diverse individuals, managing responsibilities, and delivering results in structured environments. Demonstrates the ability to build relationships, understand needs, and approach challenges with a solution-focused mindset. Possesses strong organizational and problem-solving abilities, with a commitment to achieving targets and contributing to team success in a dynamic, performance-driven environment.

EDUCATION

University Of Moratuwa

Moratuwa, Sri Lanka

Master of Science in Artificial Intelligence (Expected Completion: 2027)

july/2025 - july/2027

Sri Lanka Institute of Information Technology

Malabe, Sri Lanka

B.Sc.(Hons) in Information Technology, Specializing in Software Engineering –
Second Class Upper Division

july/2020 - july/2024

Relevant Coursework: Data Structures, Algorithms, Web Programming, Functional Programming Languages, Computation Theory, Database Systems, Probability & Statistics, Machine Learning, Deep Learning

St Anthony's college kandy

Kandy, Sri Lanka

G.C.E. Advanced Level (Science Stream)

PUBLICATIONS

Madhuwantha, M.G.P., Kodithuwakku, D.R.G.C.W., Jayarathne, A.H.B.,
Karunanayake. (2024). Harmony Verse: Exploring AI-Driven Musical Composition
Through Innovative Approaches. 2024 4th International Conference on
Information Visualization (IV). IEEE.

Key Contributions

- Developed a user-focused AI platform that enhances customer experience through personalized music recommendations.
- Analyzed user behavior and emotional responses to improve engagement and satisfaction levels.
- Applied a customer-centric approach in designing an interactive system that adapts to real-time user needs.
- Demonstrated strong problem-solving and analytical skills by evaluating system performance using measurable outcomes.
- Contributed to translating complex technical concepts into practical solutions that improve user interaction and product value.

EXPERIENCE

SLIIT Kandy Uni

Kandy ,Sri lanka

Academic Instructor

Sep/ 2025 - Present

- Delivered supervised laboratory sessions for undergraduates in core computing modules, including Data Structures & Algorithms, Probability & Statistics, Software Engineering, Database Management Systems, and Mobile & Web Application Development.
- Designed and facilitated practical exercises and project-based assessments to strengthen the link between theoretical foundations and applied technologies.
- Supported academic growth and student well-being by coordinating educational events and extracurricular initiatives that enhanced collaboration and learning outcomes.

ASN IT

Associate Software engineer

Feb/ 2025 - Oct/2025

- Specialized in full-stack web development using the MERN stack (MongoDB, Express.js, React, Node.js).
- Contributed to the design and implementation of multiple web-based projects, enhancing both frontend and backend functionality.
- Gained hands-on experience in collaborative software development, refining skills in coding, debugging, and deployment.

People's Bank IT Department (Innovation Center)

Intern Software developer

jully/ 2024 - jan/2025

- Led transformative IT initiatives at People's Bank, including the development of an Over Time Calculation System, Document Management System, and Passport MRZ Detection System.
- Enhanced operational efficiency and digitization efforts through innovative Java-based solutions and system automation.
- Collaborated across teams to deliver scalable software projects, strengthening expertise in Java development, testing, and problem-solving.

SKILLS

- Target-Oriented Mindset – Focused on achieving objectives and delivering measurable results
- Problem Solving – Ability to handle challenges and adapt quickly in dynamic environments
- Time Management & Organization – Efficient in managing multiple tasks and responsibilities
- Adaptability & Learning Agility – Quick to learn new processes, tools, and market dynamics
- Communication & Presentation – Ability to clearly convey ideas, influence decisions, and engage with clients
- Relationship Building – Strong interpersonal skills to develop trust and maintain long-term connections
- Negotiation & Persuasion – Confident in handling discussions and reaching mutually beneficial outcomes

PROJECT HIGHLIGHTS

Harmony-Verse: Emotion-Based Lo-fi Music Recommendation System

- Designed and developed a user-focused application that delivers personalized experiences based on real-time user behavior.
- Analyzed user interaction patterns to improve engagement and recommendation accuracy.
- Demonstrated ability to understand customer needs and translate them into practical solutions.
- Collaborated with tools and platforms to build and present a complete product from concept to deployment.

Student Enrollment Management System

SLIIT Kandy University

- Developed a system to streamline student registration processes, improving efficiency and data accessibility.
- Implemented structured data tracking and reporting features to support better decision-making.
- Ensured secure and organized management of user roles, enhancing system usability and reliability.
- Delivered insights through data analysis, supporting operational planning and performance monitoring.
- Worked with modern tools to deploy and maintain a scalable system in a cloud environment.

CERTIFICATES

- PCAP: Programming Essentials in Python Cisco Networking Academy
- Certified Java Programming in Solo learn
- Programming Foundations with JavaScript, Html and CSS – Duke University
- CPA: Programming Essentials in C++
- Cisco Networking Academy
- CSS Certificate- Hacker Rank
- Java Script(Basic) Certificate - Hacker Rank
- SQL(Basic) Certificate - Hacker Rank
- SQL(Intermediate) Certificate - Hacker Rank

Languages

English. - Professional Working Proficiency

Sinhala - Professional Working Proficiency
